

PAC Meeting Minutes

3/22/2024

Start at 6:15

End at ~7:55

People present: TW, CK, DB

1. Goal of our time: Nuts and bolts hammered out so we can edit and send it out to SH elders. Go over topics of each section.

Vote to approve the final document w/o having another meeting.

2. Other Processes. David Fairchilds process....Stross bible eldership...Connect the head and the heart...Observation(for a year, observe and prayer, don't talk to em so they don't know if they don't make the cut. Conversation(talk to em, of those, 2 or 3, this is 4 to 6 months). Candidacy(come to meetings, a voice, no vote, 4-6 months of meeting w/ David, put them before congregation, 30 days, congregation vote...

Drawback from Fairchilds process...No uniformity of thought, could be a problem when we come together, can be shaped too much into the image of our lead pastor

3. Things to do

Reading the BOC to make sure we are stewarding the BCO well...Should there be an appeal process to change what we do, this is a draft, if major feedback is needed you would need to appeal this.

Organizing these questions. Does a question belong in another section?

Do we want to categorize these questions or just say these are the forty questions?

We do want to categorize our questions.

4. Actions Items

Assessment sequencing...each phase is ended w/ a written assessment. Every congregation can do more or less...Goal is not how we should do elder candidacy.

Assessment Administration: Giving it to elder candidate, submitted to us for review once complete. Local elders are reading the submissions. What does it mean to pass the written assessment. Should we do a 1, 2 or 3. 3 being the best score.

Assessment topics: Is this a tool for fitness of ministry. Creative questions or I want you have the correct answer.

Getting the entire document edited as far a wording, aesthetics and order.

Less questions for the wives. Goal is to have 8-12.

One final meeting in April to solidify our content. Cole will send us some action items.

Next meeting TBD

End time ~7:55
